

Dialogue Session With Datuk Bandar KL

On Road Dispersal System in Bangsar & Brickfields

Dialogue Session with Datuk Bandar KL

CURRENT TRAFFIC SITUATION IN AND AROUND BANGSAR & BRICKFIELDS

Dialogue Session with Datuk Bandar KL

CURRENT TRAFFIC SITUATION IN AND AROUND BANGSAR & BRICKFIELDS

- 1) Traffic is heavy on the main roads in and around Bangsar & Brickfields i.e. intersection of Jalan Travers/ Jalan Bangsar; Jalan Tun Sambanthan/ Jalan Travers; Jalan Tun Sambanthan/ Jalan Tun Sambanthan 4 and Jalan Tun Sambanthan/ Jalan Robson.

Side roads in and around residential areas are also heavy.

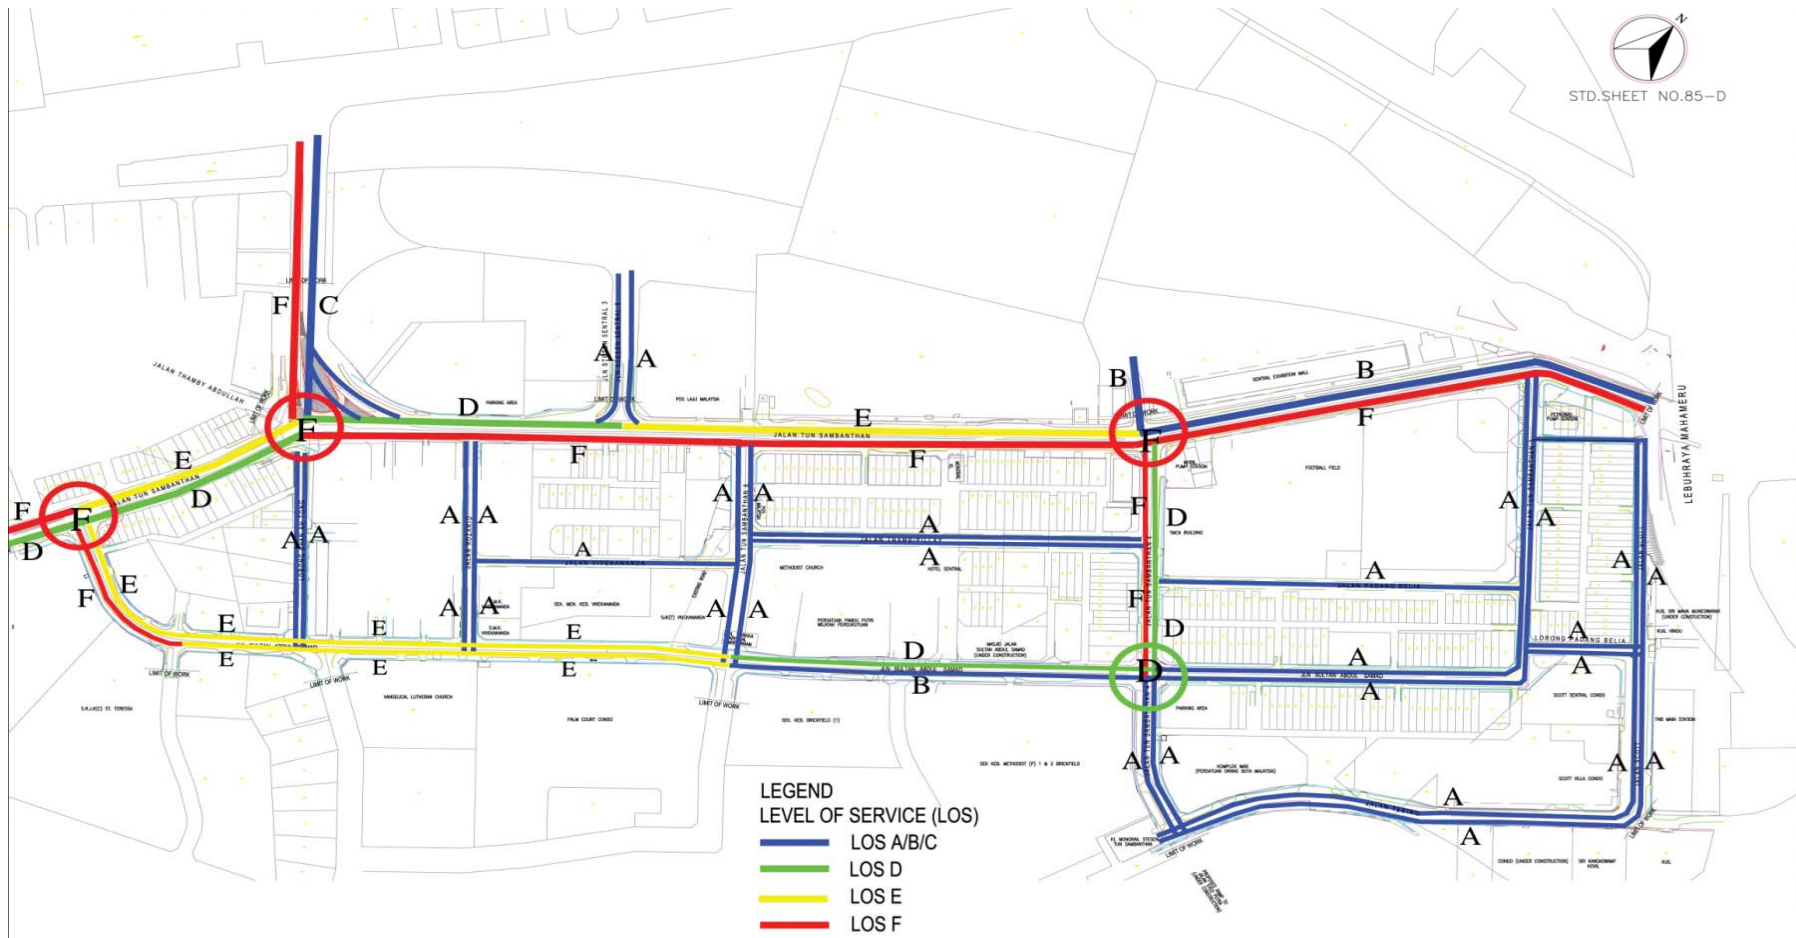

CAUSES OF HEAVY TRAFFIC IN THE AREA

- i. **Current roads are unable to cope with the surge in traffic volume** due to the fast-paced development in and around Brickfields notably KL Sentral
- ii. **Illegal parking of vehicles** (especially on the main roads in Brickfields) compound the situation due to insufficient parking areas
- iii. **Signalised junctions have already reached their optimum capacity**
